The result of the Group for the first six months has shown an improvement based on the year-to-year (y-t-y) basis due to (i) the insurance sector, ie Tahan Insurance Malaysia Bhd's (Tahan) incomes and expenses were only consolidated up to 22 May 2009; and (ii) the reversal of the provision for diminution in value of investment in addition to the realised gain arising from the disposal of investment in quoted shares up to the date of consolidation in Tahan's book.
